Catálogo Digital

operis

Uma gama completa de soluções

A Lean foi desenvolvida para permitir inúmeras combinações, adaptando-se a qualquer projeto. Seu design e engenharia apresentam a solução mais otimizada do mercado, que permite trabalhar com ergonomia e conforto em um mobiliário durável e versátil.

Modalidades de Atendimento

PRODUTO DE LINHA

Produtos e acabamentos de catálogo com lead time reduzido.

PRODUTO CONFIGURADO

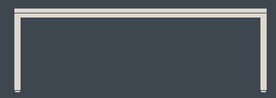

Produtos de linha com medidas especiais, ajustadas ao projeto.

Plataformas

Planos de trabalho moduláveis
e dinâmicos para equipes.

Plataformas Lean, soluções completas.

As estações de trabalho compartilhadas da Linha Lean oferecem tudo que uma plataforma precisa, do conforto do usuário, até acessos rápidos para as redes de elétrica e dados.

1 - Tampo único (sem emendas) para estações duplas.

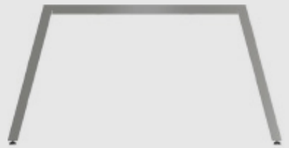

2 – Acesso fácil e descentralizado para tomadas.

3 – Pé shaft com tamanho ideal para subida e acomodação de cabos.

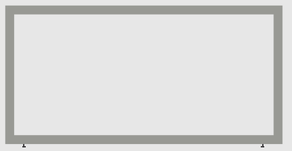

4 – Fixação fácil de painéis divisores pela parte superior do tampo.

Pés Laterais

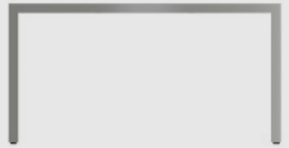

A identidade da linha pode ser facilmente customizada a partir das 5 opções de bases disponíveis.

Pés em ângulo (Cavalete)

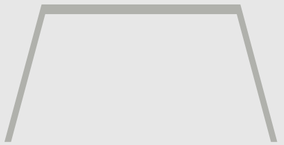

Pés em formato requadro

Pés em formato trave

Pés Painel

Pés em ângulo (Cavalete) 70×30
